

PUBLIC NOTICE

Intent to File an Application with USDA Rural Development (RD)

Town of Batavia

This is to provide public notice that the Town Board of the Town of Batavia intends to file an application for grant and loan assistance for improvements within an area designated as the Town of Batavia Southwest Water District. This proposed project involves the installation of approximately 20,400 linear feet of watermains along portions of Upton, Lear, Brown, Wilkinson, Halstead and Rose Roads that will serve 40 residential households within the Southwest Water District. The estimated cost of the project is \$1,210,000. The Town anticipates receiving a grant of \$500,000 and a loan of \$710,000 loan from Rural Development to cover the cost of the project.

The Town of Batavia is an equal opportunity employer.
