

**TOWN OF BATAVIA PLANNING BOARD
JOINT MEETING with TOWN BOARD
February 5, 2020 at 6:00P.M.**

PRESENT: Chairman Kathy Jasinski, Paul Marchese, Paul McCullough, Lou Paganello, Don Partridge, Jonathan Long, Steve Tanner and Brooks Hawley.

ALSO ATTENDING: Greg Post, Dan Underhill, Chad Zambito, Patti Michalak, Sharon McWethy, Bruce Gerould, John DellaPenna, Sharon White and Secretary Kim McCullough.

ABSENT: Jeremy Liles.

This was a joint meeting between both the Town Board and Planning Board in order to watch a DVD called Generation Zapped which was supplied to the Town from Sharon McWethy whom has concerns about 5G. The DVD is a documentary which touches on the electro and radio frequencies from wireless technology and the potential dangers of exposure to these frequencies not only to adults but children as well. This documentary also touches on Electrical Hyper Sensitivity.

When the video was concluded there was talk about the direction the Town should go in for this, which was to possibly make a recommendation to the board for legislation, along with it being an eye-opening video for all. Greg thanked all who attended the meeting and he stated he would like to have more meetings like this in the future.

Respectfully submitted,

Kim McCullough
Secretary

Kathleen Jasinski
Chairman
